

CLINICAL SERVICES BUILDING FLOOR GUIDE (NOVEMBER 2021)

INTERIM ENTRANCE ARRANGEMENTS FROM NOVEMBER 2021

To access the Ground Main Level Entrance:

1. Enter via the **Lower Ground Level Emergency public entrance** and take the public lift or central stair to Ground reception, OR
2. Take the external **concrete and steel staircase** from the **Emergency car park** up to the **Main Entrance**.

* These interim arrangements will be in place until the Goulburn Hospital and Health Service Redevelopment is complete.
Please pay attention to car park time limits and access signs.

Thank you to Goulburn Health Service staff, the communities of Goulburn-Mulwaree and everyone who has contributed to the new clinical service building.

Goulburn Base Hospital's new four-storey Clinical Services Building is contemporary and welcoming. The new facility delivers a major upgrade and consolidation of essential health services at the Hospital campus.

The new building features:

- Main entry and hospital reception
- Emergency
- Medical Imaging
- Intensive Care Unit
- Perioperative Unit – Operating Theatres, Day Surgery and Recovery areas
- Medical, Surgical, Paediatric, Rehabilitation inpatient units with specific designated palliative care beds within the Medical IPU.
- Maternal & Newborn inpatient unit inclusive of a birthing suite and special care nursery, as well as paediatric and antenatal outpatient clinics.

A final works stage to complete the redevelopment of the hospital is expected to begin later this year.
