

The countdown continues

The new Clinical Services Building (CSB) is on track for completion later this year, with lower ground floor finishes and fit out nearly done, and building commissioning now underway.

Vinyl installation is progressing on level one with wall sheeting almost complete on level two.

The steelwork for the Main Entry canopy is complete with roof wiring now taking place, and work on the Fleet and ED carparks has also commenced.

The scaffolding continues to come down and will reveal the new building by the end of the month.

Local MP Wendy Tuckerman (pictured right) visited the project site to talk about the recent interiors release as well as the wonderful work our project team, staff, builders and contractors are doing to ensure the new CSB is completed on time.

Local MP Wendy Tuckerman talks to WIN News Canberra about the redevelopment project.

ED staff excited to move into their new workspace.
